Rolling substitutions

Rolling substitutions will be used during the SCSC Cup.

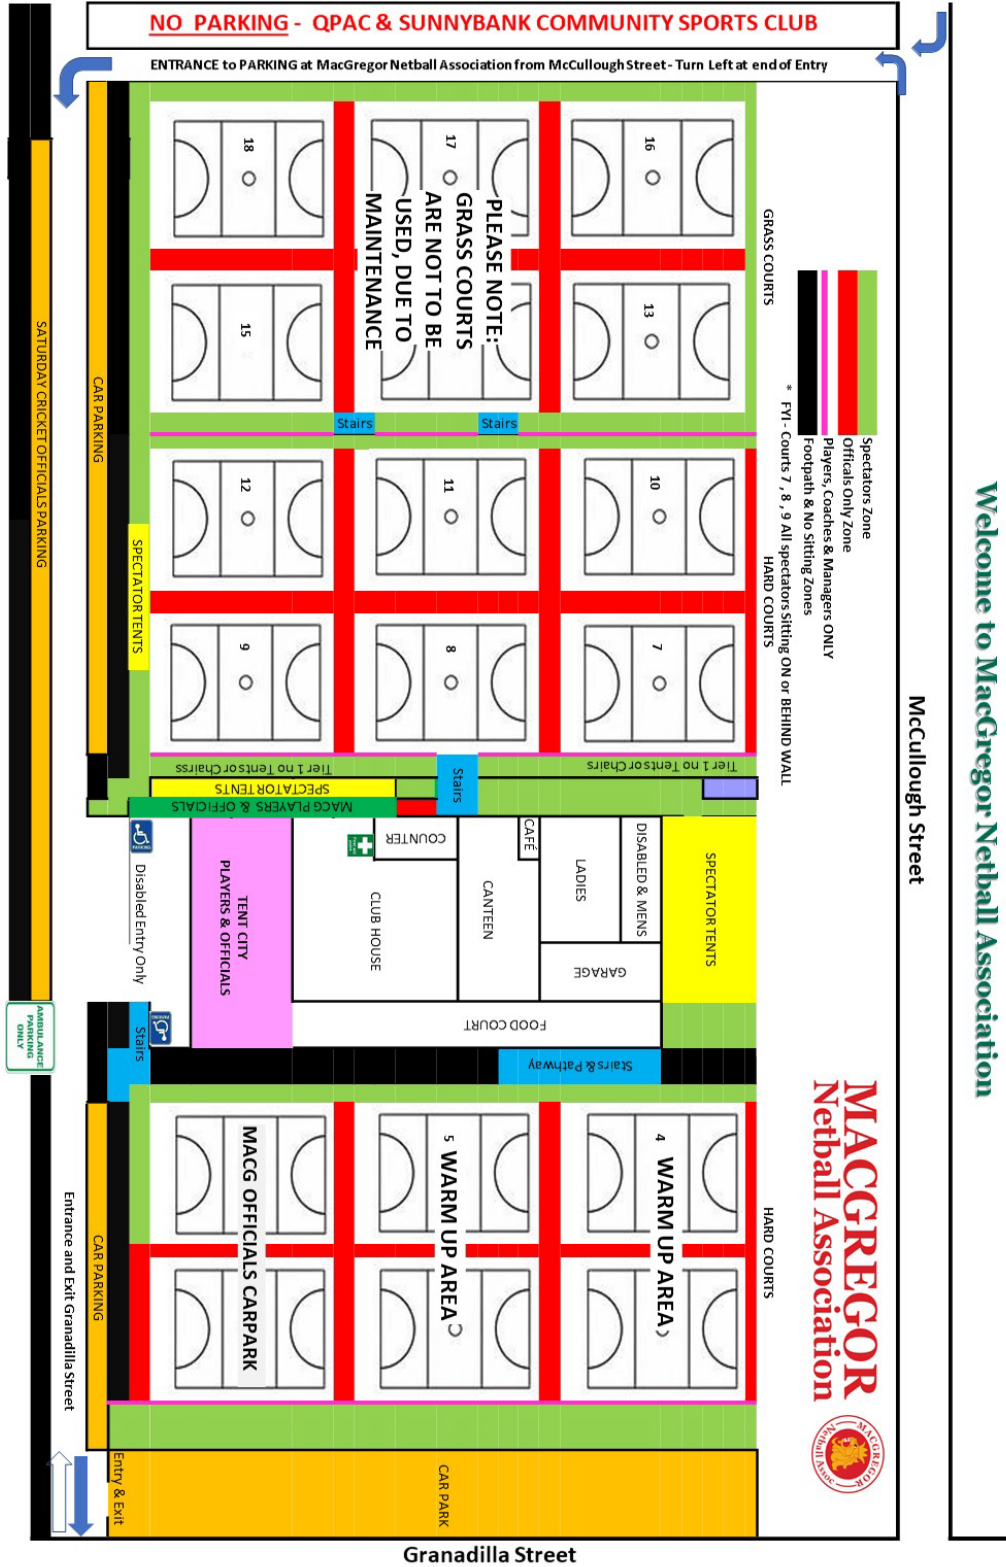

- Each team will have two (2) sets of bibs of the same colour.
- Each team will have a designated team substitution zone on the sideline of the court out of the umpire's way.
- The on-court player must leave the court observing all on-court rules (eg. Offside).
- The on-court player taps hands with the Substitute player. (The substitute player should already be fitted with the bib to take the court. Should only one set of bibs be available the substitute player must have put the bib on completely before entering the court.)
- The substitution player then enters the court observing the on-court rules (eg. Offside) and must not obstruct the umpire.
- Should the substitution not be made correctly, a free pass will be awarded to the non-offending team as long as it does not disadvantage them.
